

COBALT BOATS

CS23

Where Family Memories Begin...

And Experiences Last A Lifetime.

When families start to build their own traditions and experiences, it seems the water holds a special appeal. And for families with a discerning eye, the new Cobalt CS23 is the natural starting point.

From its hand-crafted Cobalt finishes to its many luxury features, the new CS23 offers families the ideal way to transform an outing into a timeless adventure. Its 'wave' body style-line and new Obsidian windshield are eye-catching, and its eye-pleasing color combinations and integrated full beam width swim platform make it clear that good times are at hand.

Its 23' 5" LOA and 8' 6" beam offer ample room for people and their gear, and the CS23's many amenities make it clear that everyone will immediately feel right at home. At the helm, a single 7" Garmin display and gauges with LCDs manage your cruise, while a sound system rated at up to 2,400 Watts powers the fun. Ideal for young families, it delivers opportunities for rest and relaxation in equal measure.

Powered by a range of Volvo, MerCruiser or Monsoon engines, the CS23 is capable both of easy cruising and speedy recreation. Cobalt firsts like Harman Kardon sound are joined by our popular Zenith folding tower; elegant Sof-Trac or Sea Grass floor coverings; and helpful features like a wireless phone charger, a bow shade sail and even a dinette table with cockpit mount.

With the new CS23, you and your family can enjoy building a legacy in a luxury setting designed to last for generations.

COBALT BOATS

CS23

Made for family experiences...

And lasting memories.
