

COBALT BOATS

R33 SURF

Surf culture meets nautical opulence.

The new standard for watersports enthusiasts.

Add a new measure of excitement and fun to one of our most sophisticated examples of day-boat luxury, size, comfort and performance, and you get our all-new R33 Surf runabout.

With its impressive 33' 4" LOA and 10' 6" beam, the R33 Surf boasts sleek lines, agile handling, an extraordinary ride, numerous amenities and the capability to ensure your whole family can enjoy the water in every way possible. Yacht-certified, the R33 Surf is both spacious and well-equipped, supporting activities, thrills and special moments, from daily cruising to wakesurfing, wakeboarding and more.

Offered with an array of twin forward-drive Volvo engines that allow you to independently adjust trim on each drive, the R33 Surf delivers up to 860 horsepower to carve the waves with ease. Moreover, ocean-going enthusiasts can choose the option of Volvo OceanX drives to provide an unprecedented level of protection from salt-water corrosion.

Of course, you and your passengers are treated to such luxury appointments as a hydraulically actuated swim platform, the industry's first Harman Kardon marine audio system, and a one-touch, all-electric planar folding tower and sunshade equipped with standard T2 board racks and tow balls, as well as advanced handling tools like a multiscreen Garmin glass cockpit, an intuitive joystick docking controller and a customized Seakeeper gyroscopic stabilization system.

Conveniences range from a cabin that accommodates sleeping as well as seating, to a side-entry door, a built-in smart TV and a wealth of ultra-fast USB-C charging stations and cupholders. Setting new standards for size, luxury and performance, the R33 Surf lets you make waves everywhere you go, whether you're on the water surfing or still at the dock.

Go big or go home.

More of everything.

COBALT BOATS

R33 SURF

Advanced Capabilities.

Customer-Inspired Innovation.

Inspired by and for our discerning customers, Cobalt has always sought to deliver more: more performance, more luxury, more comfort and, above all, a more memorable boating experience.

In keeping with this goal, Cobalt has since its inception set the standard by which day boats are measured, to help ensure that your time on the water is everything you expect it to be. Here are just a few of the many thoughtful advances we've pioneered:

- ☞ The Cobalt Splash & Stow system, simplifying the storage and handling of large, yacht-style inflatables
- ☞ The new Cobalt side-entry door, introduced on the R33
- ☞ The first boat brand to offer a Harman Kardon audio system, introduced first on the R33
- ☞ The new Seakeeper for Cobalt, the industry's best-in-class gyroscopic stabilizer that eliminates 95% of boat roll
- ☞ A dedicated storage pod for a Yamaha Seascooter underwater propulsion unit
- ☞ The new patent-pending Cobalt E-Step™, the first swim step to electrically lower into the water
- ☞ The Cobalt flip-up seat bolster, for better views over the windshield
